Who is KineMatik?

- **R&D Software provider for over 10 Years**
- **Originally an ELN vendor**
- **Now an R&D Solutions company**
- **Products built upon ECMs**
- **Knowledge Management ethos**
- **A holistic approach to R&D**

What does an ECM provide?

- ✓ **Document Management**
 - ✓ **Collaboration**
- ✓ **Workflow**
 - ✓ **Digital Signatures**
- ✓ **Audits/Versioning**
 - ✓ **Metadata/Searching**

**So why isn't everyone using
an ECM?**

What does an ECM NOT provide for an ELN?

- ✗ Domain Specific Tools**
 - ✗ Publishing of Experiments**
- ✗ Process Integration & Automation**
 - ✗ Experiment IP Protection**
- ✗ Integration to Equipment**
 - ✗ Context around Information**

What KineMatik provides – the eNovator Suite

- ✓ **Electronic Laboratory Notebook**
 - ✓ **Program & Project Management**
- ✓ **Quality Management System**
 - ✓ **Learning Management System**
- ✓ **Resource Management System**

Why are we developing on SP?

- Requests from customers and other companies
- SP is a compelling platform
 - Collaboration
 - Social media
 - integration to Office
 - Easy to use
 - Web based
 - etc
- Large install base of SP
- Companies have already tried to develop
- homegrown solutions on SP

ChemAxon integration

- Partner with ChemAxon for 6/7 years
- Integrated Marvin Sketch and Reactor
- Treat the chemical structure as a document (audit/version control)
- Integrated Chemical Structures into eNovator PDF Publishing
- Chemical Structures/Reaction put in context with documentation
- Search integrated with Document Management Searching and Text/Metadata based results

ChemAxon integration

What else is needed from a chemistry perspective?

Other CA modules?

- Searching for chemical structures within Office documents and PDF documents?**
- Integration to Chemicalize.org**
